### REMARKS

On May 25, 2004, the undersigned had a telephone conference with Examiner Anthony. Examiner Anthony stated that a terminal disclaimer against US 6,278,012, which was required by the Office Action mailed November 14, 2003, was not received by the Office.

An examination of this Applicants' file indicates that the terminal disclaimer was facsimile transmitted on March 12, 2004 along with a Fee Transmittal Sheet, both of which were faxed in conjunction with an Amendment in response to the Office Action of November 14, 2003. Attached hereto are the Auto-Reply Facsimile Transmission for the terminal disclaimer and the Fee Transmittal Sheet.

Also attached hereto is the terminal disclaimer against US 6,278,012 along with a new Fee Transmittal Sheet.

Applicants courteously request entry of the Terminal Disclaimer.

In view of the forgoing amendments and remarks, the present Application is believed to be in condition for allowance, and reconsideration of it is requested. If the Examiner disagrees, he is requested to contact the attorney for Applicants at the telephone number provided below.

Respectfully submitted,

The owner, Clariant GmbH, of 100 percent interest in the instant application hereby disclaims, except as provided below, the terminal part of the statutory term of any patent granted on the instant application, which would extend beyond the expiration date of the full statutory term defined in 35 U.S.C. 154 and 173, as presently shortened by any terminal disclaimer, of prior Patent No. 6,278,012. The owner hereby agrees that any patent so granted on the instant application shall be enforceable only for and during such period that it and the prior patent are commonly owned. This agreement runs with any patent granted on the instant application and is binding upon the grantee, its successors or assigns.

In making the above disclaimer, the owner does not disclaim the terminal part of any patent granted on the instant application that would extend to the expiration date of the full statutory term as defined in 35 U.S.C. 154 and 173 of the prior patent, as presently shortened by any terminal disclaimer. In the event that it later expires for failure to pay a maintenance fee, is held unenforceable, is found invalid by a court of competent jurisdiction, is statutorily disclaimed in whole or terminally disclaimed under 37 CFR 1.321, has all claims canceled by a reexamination certificate, is reissued, or is in any manner terminated prior to the expiration of its full statutory term as presently shortened by any terminal disclaimer.
